- Guest Speakers for Fall 2016
- Open Seat in Athletics

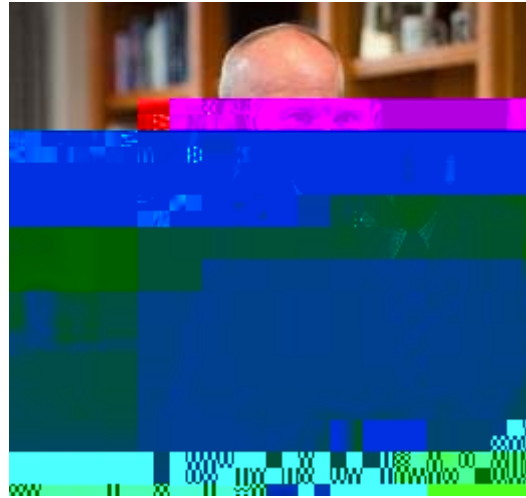

What is PSS?

The Professional Staff Senate (PSS) exists to contribute to the success of Binghamton University and to the growth and welfare of its professional employees. We take an active role in the policy decisions of the University and serve as a fact-finding, deliberative, and consultative body. Senators come from all of the divisions

Upcoming Guest Speakers

Throughout the year PSS invites senior administrators to attend our meetings to address the staff and answer questions. We are still finalizing the schedule for the year, but [our current list of speakers is available online](#), as is the calendar of our regular meeting dates.

Open Senate Seat in Athletics

If you work in the athletics division and have an interest in serving on PSS, please
