Professional Staff Profile - Meet Elisabeth Gray!

Your Name: Elisabeth Gray

Your job title: Director of Special Events and Commencement

Your department, center, or unit: Office of the President

How long have you worked at Binghamton University? 4 years

What do you like best about your job? The opportunities to collaborate with colleagues across campus. There are so many people on campus that have so much to offer and inspire me to get better at what I do. The best part about working at Binghamton University is the opportunity to get to know these people and just how hard they all work (and a thank you goes a LONG way!).

Tell us something unique or not well known about your department, center or unit: Commencement is such a huge event that would not be possible without the help and support of our faculty, staff, and students on campus. Our students work so hard during their time here, it's only fair to give them a proper send off they will remember
